

REMARKSPetition for Extension of Time Under 37 CFR 1.136(a)

It is hereby requested that the term to respond to the Examiner's Action of February 23, 2010 be extended one month, from May 23, 2010 to June 23, 2010.

The Commissioner is hereby authorized to charge the extension fee, and any additional fees associated with this communication to Deposit Account No. 50-4364.

Advisory Action

In the Advisory Action mailed June 3, 2010, the Office indicated that the amendments presented in Applicant's Reply to the final Office Action, filed on May 21, 2010, would be entered, but that the amendments presented therein failed to put the application into allowable condition because Applicant failed to address the double patenting rejections presented in the Office Action.

In a telephone conference held with the Examiner on June 9, 2010, the undersigned attorney was advised that filing the appropriate Terminal Disclaimers in response to the Office's double patenting rejections would address the Examiner's comments in the Advisory Action.

Accordingly, Applicant submits herewith six Terminal Disclaimers, directed to each of the applications/patents cited by the Office in making the aforementioned double patenting rejections.

In view of the above, Applicant respectfully requests that the Office reconsider and withdraw the rejection of the claims and issue an early Notice of Allowance.
